

PREMIUM FLOOR MATS & 12V ACCESSORIES

MANUFACTURED & DISTRIBUTED BY

GOODYEAR HISTORY

The Goodyear Tire & Rubber Company was founded in 1898 by 38 year-old Frank Seiberling. The timing couldn't have been better. The bicycle craze of the 1890's was in full swing and providing tires for the new horseless carriage was a wide open challenge. Goodyear production began on November 21, 1898, with a product line of bicycle and carriage tires, horseshoe pads and – fitting the gamble Seiberling was making – poker chips.

From that first bicycle tire Goodyear pedalled its way toward becoming the world's largest tire company, a title it earned in 1916 enabling it to adopt the slogan "More people ride on Goodyear tires than any other kind". It went on to become the world's largest rubber company in 1926.

Today Goodyear measures sales of nearly \$17.5 billion and over the years the company has built its storied history on numerous firsts, exceptional products and dedicated people.

OVER 100 YEARS OF LEADERSHIP AND INNOVATION

Goodyear is one of the world's largest tire companies, producing tires for cars, commercial trucks, racing cars, planes and world class heavy earth moving machinery since 1898.

The company employs approximately 72,000 people and manufactures its products in 57 facilities in 23 countries around the world.

At Goodyear's core is its culture of innovation that not only enables technology driven firsts, but also inspires people to do more and discover their world of possibilities.

One of the top 50 Reputable Companies in the US – Forbes

Ranked among the top 150 on Forbes Fortune 500 Companies

One of the most recommended brands by American women – Women's Choice Awards

GOODYEAR HISTORY

1898

In 1898 The Goodyear Tire & Rubber Company is founded by Frank Seiberling in Akron, Ohio USA. He names it after Charles Goodyear, the inventor of vulcanized rubber.

1900

The process to find a suitable trademark results in the Goodyear "Wingfoot", inspired by the winged foot of the Roman God, Mercury.

1906

Goodyear starts the production of shoe soles and heels.

1909

Goodyear develops the first pneumatic rubber airplane tire, which replaces sled-runners and bicycle tires that aviation pioneers were using.

1911

Goodyear tires are used on the first transcontinental flight from California to New York and on the world record flight from St. Louis to New York.

1912

The first Goodyear blimp is built, marking the beginning of one of the world's largest tire company and initiates the slogan "More people ride on Goodyear tires than on any other kind".

1916

Goodyear becomes the world's largest tire company and initiates the slogan "More people ride on Goodyear tires than on any other kind".

1918

The employees of Goodyear found the "Akron Wingfoots" basketball team, which becomes one of the first professional basketball teams in the USA.

1926

Goodyear becomes the world's largest rubber company with sales of \$230M.

1961

Goodyear experiments with synthetic resins lead to polyester tire cord, clothing and other products.

1964

Craig Breedlove sets the land speed record of 526.28 mph in the jet-powered Spirit of America equipped with Goodyear tires.

1971

Goodyear puts the first tire on the Moon by equipping the Apollo 14 Modular Equipment Transporter, or Moon buggy, with specially designed tires.

1997

Signs deal with NASCAR, making Goodyear the exclusive tire supplier to NASCAR's top three race divisions.

2009

Goodyear and NASA develop an airless "spring tire" for use on Mars and the Moon.

2017

Goodyear is named by Fortune Magazine as the "World's Most Admired Tire Maker" for the fifth consecutive year.

2020

Goodyear is one of the world's largest tire companies, with operations in most regions of the world.
